Training and Recertification Workshops for Pesticide Applicators

Dear Commercial, Noncommercial, and Private Applicators:

Enclosed is a schedule of the pesticide applicator training and recertification workshops offered by the Utah Department of Agriculture and Food (UDAF) and Utah State University Extension during November and December of 2004. If your pesticide applicator license expires in December of 2004, please plan on attending one of the 13 workshops for renewal.

Commercial, noncommercial, and private applicators are required to renew their Utah license every three years. There are three options for renewing a pesticide license. The options are: (1) complete and pass the general pesticide exam and at least one category exam, (2) attend a recertification workshop and pass at least one category exam, or (3) attend pesticide training programs recognized by UDAF and obtain credit for the required number of CEUs.

If CEUs are used to renew a license during 2004, all training forms and payments must be submitted to UDAF before the end of 2004.

The requirements for CEUs are as follows: pesticide applicators with a commercial or noncommercial license must earn at least 24 CEUs during the three years their license is valid. This includes 4 hours in laws, 10 hours in safety, and 10 hours in use management. Individuals with a private license must earn at least 9 CEUs during the three years their license is valid. This includes 2 hours in laws, 3 hours in safety, and 4 hours in use management.

If a pesticide applicator does not renew a license prior to expiration, then option 1 described above is the only alternative.

Individuals who choose to take exams and fail to pass (70% correct is required), must retest and pass the exams within 60 days or their license expires.

Individuals who plan to complete exams at one of the workshops are encouraged to pick up instructional manuals and study the information prior to the training date.

The instructional programs and examinations include pesticide calibration activities and participants are encouraged to bring a calculator.

Please arrive at the workshops on time. Participants who will renew licenses are encouraged to arrive 30 minutes early to pay fees. The license renewal fee is \$20 per person and commercial applicators must pay an additional licensing fee of \$15 for one year or \$45 for three years. We encourage Commercial Applicators to obtain a three (3) year license as a cost savings to you and the

Checks are the preferred method of payment, although cash will be accepted. Credit cards will NOT be accepted at workshops.

Attendance rolls are passed around at 9:30 AM and 1:30 PM. Participants must sign the roll both times to receive six hours of credit for a workshop. If additional information is needed, please contact the UDAF in Salt Lake City at 801-538-7185 or one of the UDAF Compliance Specialists in your area. Information is also available at the UDAF web site, www.ag.utah.gov

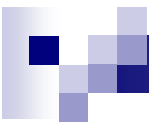

All private applicator tests will be administered at the workshop locations.

Sincerely,

Clark Burgess, Pesticide Program Manager

Participants will need a calculator and a pencil at the workshops.

In compliance with the Americans with Disabilities Act, individuals needing special accommodations including auxiliary communicative aids and services, during this meeting should notify Renee Matsuura, ADA Coordinator at 350 N Redwood Rd, Box 146500 Salt Lake City, Utah 84114-6500, (801) 538-7110 at least three working days before the meeting.

Postcard sent to all licensees whose license will expire in 2005 and 2006

Pesticide Workshop Notification

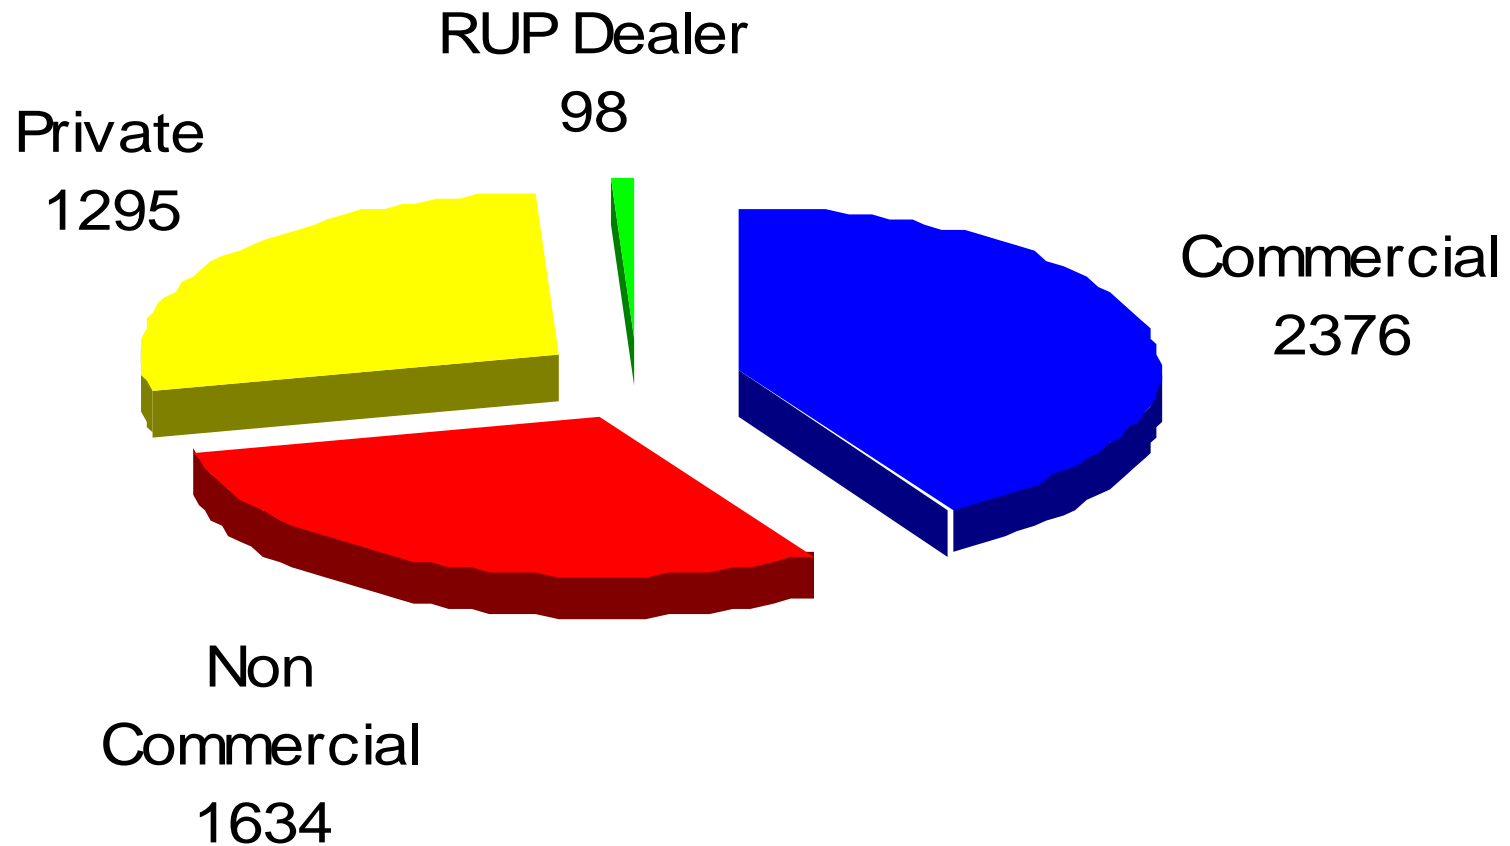

You are not required to recertify at this time but we want to inform you about upcoming pesticide recertification workshops that you may attend for **Continuing Education Units (CEUs)**.

All **Commercial/Noncommercial and Private** workshops will be held together and worth 2 credits in laws, 2 in safety, and 2 in use. Workshops will be held on the following dates:

November 9, 2004	Farmington
November 17, 2004	Ogden
November 18, 2004	Salt Lake City
November 23, 2004	Provo
November 30, 2004	Monticello
December 2, 2004	Roosevelt
December 7, 2004	Richfield
December 8, 2004	St. George
December 9, 2004	Delta
December 14, 2004	Salt Lake City
December 16, 2004	Provo
December 21, 2004	Brigham City
December 22, 2004	Logan

Call us at **(801) 538-7185** or check our web-site at www.ag.utah.gov for more specific information on workshop agendas, times and locations.

2004 License Breakdown

TYPE OF APPLICATOR

	Private	Non-Commercial	Commercial
License Required:	RUP* Only	RUP* Only	All Pesticides
License Period:	3 Years	3 Years	1-3 Years
Certification Required:	RUP* Only	RUP* Only	All Pesticides
Certification Period:	3 Years	3 Years	3 Years
Certification Method:	Examination	Examination	Examination
Recertification Methods:	Examination or CEU	Examination or CEU	Examination or CEU
Certification Into Categories:	Yes	Yes	Yes
Direct Supervision Allowed:	Yes	No	No

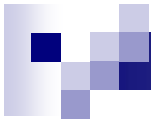

FEE SCHEDULE

Private-Non-Commercial	\$20	every 3 years
-------------------------------	-------------	--------------------------

Commercial	\$35	1 year
	\$65	every 3 years

(testing must be completed within 60 days)

Late Fee (after January 1)	\$25
-----------------------------------	-------------

Surrounding States

	Utah	Arizona	Idaho	Colorado
Commercial	\$65 3 years	\$150 \$125 renew	\$120 2 years	\$350 \$100 renew fee
Private	\$20 3 years	\$30 \$20 renew	\$10 or \$20	

Items in the News

- States requiring pesticide use reports from applicators.

Arizona a record be submitted for every application made

Program Changes

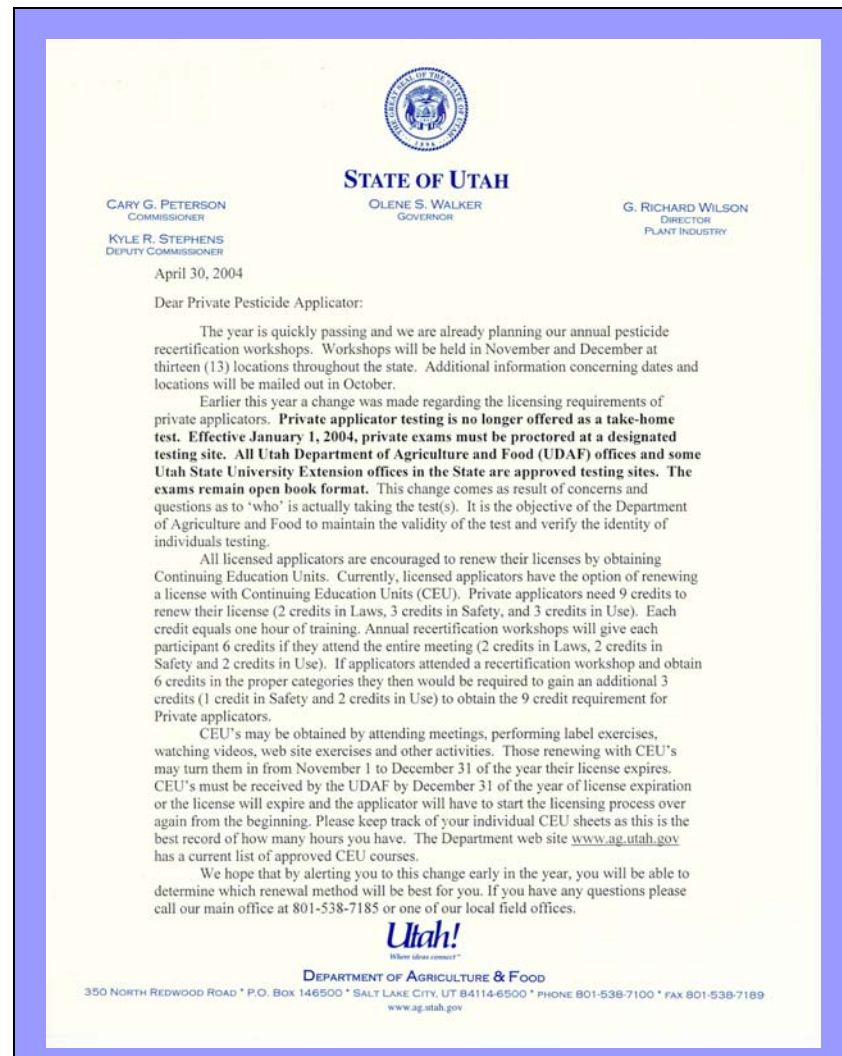

- Private Applicator -as of January 1, 2004
no more take home tests.

Only administered at testing offices.

Will continue to be open book

Letter to Private Applicators

April 30, 2004

Program Update

- Structural Manual and test questions updated
- New test questions for
 - Ornamental and Turf
 - Agriculture Plant
 - Vertebrate
 - Structural

These test questions are taken from the general and category manuals.

Program Update

- Richard Beard – Contracted to develop new manuals and test questions for six categories.
50 page minimum with 100 test questions

If you must use a pesticide, follow these rules:

- Read the label and follow the directions for use and disposal carefully.
- Use only EPA-registered pesticides look for "EPA Reg. #." on the label.
- Before applying a pesticide, remove children, their toys, food and pets from the area.
- Always store pesticides away from children's reach, in a locked cabinet or garden shed.
- Never put pesticides in food or beverage containers.
- Never place rodent or insect baits where small children can get to them.
- Teach children that "pesticides are poisons" - something they should not touch.
- Never use outdoor chemicals inside the home.

Call the National Pesticide Telecommunications Network (NPTN) at 800-858-PEST if you have any questions or want more information about pesticides.

Worker Protection Standard

- 1992 – Year of Implementation

Utah Worker Protection Standard Training Verification Program
Training Provider Agreement

I agree to issue EPA pesticide safety training verification cards to agricultural workers and/or handlers only in full compliance with the following requirements. I will:

1. Issue EPA training verification cards only to trainees who have been trained according to the requirement of the 1992 Federal Worker Protection Standard (40 CFR Part 170.130 and 170.230), including the correct use of training materials developed or approved by EPA.
2. Record trainee information on the verification cards, in ink or other indelible form.
3. Retain a copy of a dated class roster signed by the trainer and the trainee, with the card number issued to the trainee, and the city or county and state where the training occurred.
4. Issue EPA training verification cards that match EPA specifications or that comply with State variations from such specifications that have prior approval from EPA.
5. Promptly respond to requests from EPA, state, or tribal agencies for information concerning issued EPA training verification cards.
